About Malta International Airport

Malta International Airport connects the Maltese archipelago to over 100 destinations in more than 30 countries. The Company has consistently invested in the terminal since the airport’s privatisation in 2002, with the Terminal Reconfiguration Project bringing about the most recent overhaul. The airport campus itself has grown to provide over 1,500 parking spaces, and 14,000m² of office and retail space housed within SkyParks Business Centre, with projects in the offing, such as the Terminal Expansion Project, set to bring about further expansion. The airport team is guided by a vision of service excellence, which led MIA to clinch the title Best Airport in Europe for two consecutive years. To maximise its contribution to Malta’s cultural heritage and environment, MIA set up the Malta Airport Foundation in 2014: an independently run non-profit organisation.
